

# Mission definition review

~~CLTP 8 Team HMT3~~

Daiki Nagata

Aoki Ryohei

Hyoukawa Satoshi

# Mission 1

1: *We use force sensor .*

WHY	WHAT	HOW
Know about strength of structure	The strain of HEPTA-Sat when an impact occurs	Use force sensor

# Mission 2

2: We use *smell sensor* .

WHY	WHAT	HOW
Know about air contamination	Sulfur compound concentration	Use smell sensor

✂ Our sensor can detect sulfur compound gas mainly.

We are setting mission criteria now...

Fig. 1: pressure sensor

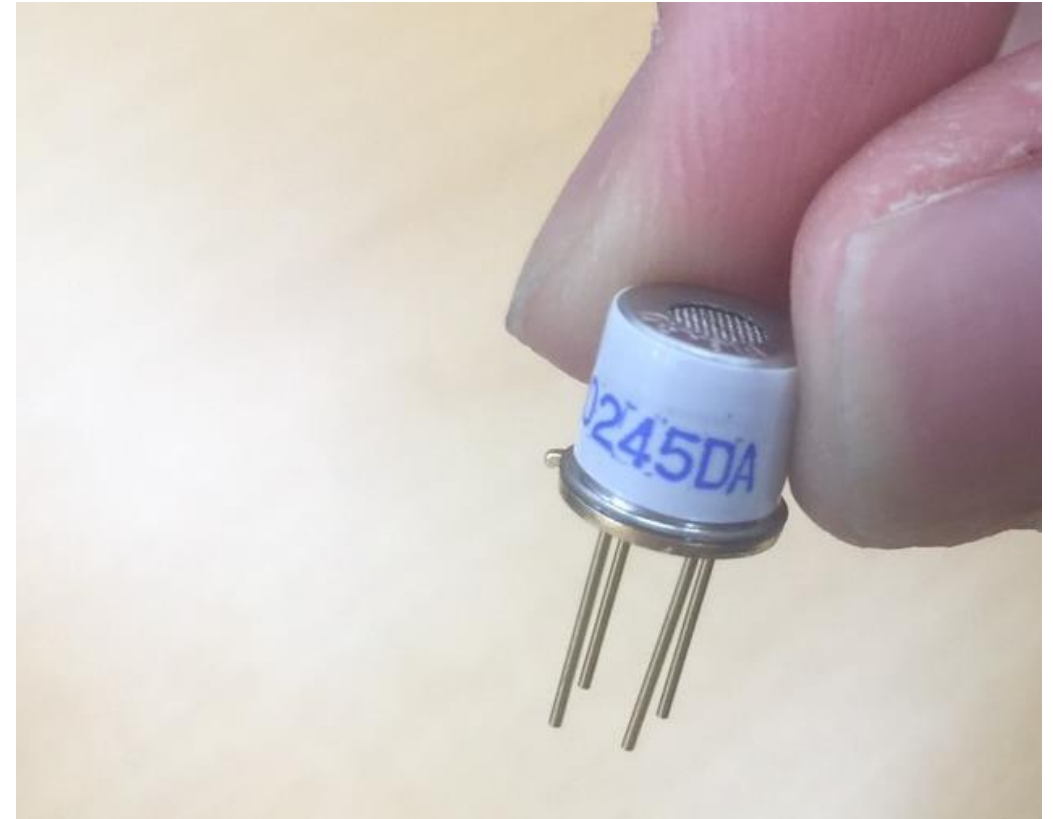

Fig. 2: smell sensor
